

January 27, 2020

To whom it may concern:

The Ohio Association of Litter Prevention and Recycling Professionals (OALPRP) is excited to host a statewide conference in Chillicothe. The theme of the conference is Revamp, Refresh, Refocus. The Recycling Conference will take place at the Christopher Conference Center on June 16-18th. The conference's purpose is professional development to provide leadership, training, and networking opportunities to its members and partners. As a non-profit, all volunteer organization, we strive to provide a zero waste conference for our participants.

The conference speakers and tours will help attendees generate new ideas, programs and partnerships; demonstrate successes of local recycling businesses, and impart the latest developments in recycling, material management, conservation, community outreach/education and sustainability. Most of the attendees represent solid waste districts, recycling centers, city, county and state government agencies along with businesses from throughout Ohio. We would like your company to participate by being a sponsor. Please choose an appropriate sponsorship level below or consider sponsoring a specific conference event such as an evening tour or meals for our attendees.

- **“Revamp” Sponsor Level (\$400):** A sponsor will have their logo printed on all conference literature; will have their business information added to the OALPRP (www.oalprp.org) website for one year; will be provided a list of conference attendees and contact information and one year of OALPRP membership starting in 2020.
- **“Refocus” Exhibiting Sponsor Level (\$800):** A sponsor will receive same incentives as above sponsor level. In addition, the sponsor can add literature or other items to registration bags and will receive the option for exhibit space and one full conference registration, which includes exhibitor table and lunch.

We encourage you to use this as a platform to promote your company, products, and services to recycling and solid waste professionals. Please contact OALPRP Sponsorship Committee Chair, Randy Canterbury, if you would like to further discuss this opportunity and commit your support.
